Dear Sirs

Re: Sinah Warren Phase II, Hayling Island

The project was handed over to our Client on 10 February 2003 on programme.

May we take the opportunity of thanking you for your contribution to the successful completion of the building.

Without the 'team' approach adopted by everybody connected with the project the completion date would not have been met.

Please pass on our comments to all those involved within your organisation.

Yours faithfully
for **HENRY JONES**
