To Whom it May Concern

RE: D M TAGG & SON

Dear Sir

The above sub-contractor, have been employed by Geoffrey Osborne Limited on our Railtrack Maintenance Contract since March 1996. They have undertaken a variety of contracts, for example - full external / internal redecoration's to signal boxes, stations etc. including buildings, fencing, lighting columns etc. also complete redecoration to canopies and footbridges under suitable protection / possessions.

The quality of their work is always of a high standard undertaken by suitably trained tradesman under their own supervision. We would have no problem in recommending D M Taggs for work within the rail industry.

Should you require any further information do not hesitate to contact the undersigned.

Yours sincerely

Chris Rowe
Operations Manager
